

We, the members and friends of UUCD, create this covenant of behavior.
We are learning new ways of being together when COVID levels are low-risk.
A covenant is an agreed-upon promise for our attitude and actions.
This covenant assumes the good intentions of all who participate.

When We Gather For UUCD Events, We Covenant To:

- **Follow the Guidelines for Safe Gatherings**
We trust experts as we seek to take care of each other
- **Mask for Safety**
We care for the most vulnerable among us
- **Keep a Loving Distance of 6'**
We help everyone feel safe
- **Share the Opportunity to Gather**
We take our turn if there's limited enrollment for an event, allowing others to RSVP if we have attended an event recently
- **Greet & Care Creatively**
We use new physical expressions of greeting and caring, and we use kind gestures to indicate "I don't feel safe"
- **Practice Kind Honesty & Compassion**
We respond with compassion, we are gentle with each other, and take responsibility of our actions

*This is a living document that will change as we have more information over time.
With the guidance of this covenant, it is the responsibility of everyone
to create a community of trust where all people can feel safe.*
